The Kiwanis Mission

Kiwanis empowers communities to improve the world by making lasting differences in the lives of children.

Your Club Makes Our Mission A Reality!
Time to hang up the chaps, pack the spurs and thank the Rat Pack and Governor Roger Bell for a year of super accomplishment in the district this past year. I think we can all agree that we had a fantastic convention and now look forward to a great convention in Portland, Oregon next August 22-25, 2019. I should say that I have some BIG shoes to fill but then I realized that Roger and I probably wear the same size shoe so I have to say I am following the example of a Great Governor and I hope I can be up to the task. With all of your help we will accomplish great progress in the Pacific Northwest District of Kiwanis and together we will do great projects in the district. Thank you Governor Roger for being my mentor, my friend and my prankster. We had so much fun together and with Roger’s guidance we accomplished so much good for our communities. Now it is time to say: “THE RED COATS ARE COMING!” A statement credited to Paul Revere, but really never said. He was warning of the British coming while at the moment they were hiding in the hillside during the Revolutionary War. So let us use it in the great Pacific Northwest District of Kiwanis International. Let us present the best that we can as we begin a new administrative year and celebrate 100 years of Serving The Children Of The World through all our Kiwanis Family. We have a terrific team with Team “Centennial Express” consisting of our Lt. Governors and District Chairs. When in question or when in doubt, just call Team Centennial Express. They stand ready to help and assist you.

Since the weekend of our district convention and this publication date, we have worked to organize three new Kiwanis Clubs and extend Kiwanis to more communities. A special thanks to our new club openers and coaches for making this dream come true. Throughout the year we are going to extend Kiwanis to more communities and grow our organization to continue to serve in this district. Will you help us do this during this year? With your help we can accomplish so much. I cannot do it by myself but with you and our teams, we can make Kiwanis a household word in our community. Our club coaches stand ready to help you with the growth in your club and by doing this, you extend service within your town and community. You enhance our Kiwanis Family with growth in our K-Kids, Builders Club, Key Club, CKI Clubs and our Aktion Clubs. YOU make things happen. Let us be the organization that everyone is talking about.

Feel free to use this in growing a Builders Club in your middle school. Together we grow the Kiwanis Family. Plan to spend a weekend with Key Club at the Pacific Northwest District Convention in Seattle, Washington on March 8-10, 2019. This is an experience that you will enjoy and will always remember. Our CKI Convention is February 8-10, 2019 in Hood River, Oregon. Please join me in saluting the work of our college students in providing service in the Pacific Northwest. As a former CKI Governor, I can attest to the work and commitment made by our family members in CKI. Something that you can be proud of as a Kiwanian. Throughout the year, I will be visiting our Kiwanis Clubs, our CKI, Key Clubs, Builders and K-Kids personally extending a Kiwanis Thank You for all that you do.

I am proud of our SIGN and KCCP programs in the district. These programs make me proud to be a Kiwanian and I share that pride wherever I travel. If you have not heard of these programs, check our website at KiwanisPNW.org and learn more about the wonderful things they do to enhance life for children and adults here and around the world.

Thank you so much for all that you do to make Kiwanis a vital part of your gift to community. Through you we grow, we thrive and we are nurtured.

Remember…IT'S GREAT TO BE A KIWANIAN!

I am so excited to be your Governor-elect! First, I thank everyone who came to the District convention... what a great time we had! Thank you for electing me and putting your trust in me to serve the District. And, many, many thanks to Governor Roger and the convention committee for another outstanding job coordinating the first ever Tri-District convention – the best one ever, I think. It was also very cool to visit with the many Aktion Club members at their convention being held alongside of ours.

I am humbled and honored for the faith the delegates placed in me to serve. As you probably know, my campaign theme was “Catch the Excitement!” because I want all our members to be excited about being Kiwanians and working for the children in our communities. I’ll work hard to build excitement throughout our membership for the service we do. I’m so happy to continue serving the Pacific Northwest District and I promise to really listen to all our members and clubs; as I said in my speech, “so let me have it!” I’m committed to putting a team together that will work hard to support all of our clubs and members in whatever way we can. I have a lot of goals for the team, so stay tuned!

As you heard, Governor Jerry is continuing the Membership Priority One focus and I am excited to work with our Membership Team on new Club opening and club strengthening this year. We are working hard to keep all of our members engaged and add more members to help us provide more service in our communities. My Friend, Ken “Bear” Brink, District Membership Chair a few years past, has a great rule. He calls it the 3-foot rule. It means, when you get within 3 feet of someone, talk about Kiwanis! It really works.

Two of my goals are to help our clubs communicate effectively and to work more on public relations and marketing of our clubs. I’m looking for a few good members to work on those goals with me, so please let me know if you’re interested in serving on my team. We’ll have learning tracks on those topics and many more next year that incorporate areas that our clubs are looking for to improve them, so they’ll be more attractive to new members.

I’m also very excited to visit clubs and divisions all around the district. I want to hear from our members and be responsive to their needs. Please reach out to me with your thoughts and ideas, as well as times to visit and be involved with you. My dream is to be as accessible as I possibly can and to be able to assist members as much as I can. Working together, we will be able to continue building this District to be the most dynamic in the world off Kiwanis!

To accomplish that, we all need to be Kiwanis Proud and spread the word everywhere. I know our members love Kiwanis and we know we are the best service Club out there. We just need to let everyone else know! Show your Kiwanis Pride, wear the K.

As I prepare to leave for Indianapolis for training as your Governor-elect next month, I’m thinking about our District priorities. There I will meet my classmates from all the Districts in Kiwanis International. My goal is to present some of what we do here in the great Pacific Northwest and learn of new ideas from the Governor-elects of other districts and the training team at Kiwanis International. I will share some of this with you in our next edition of the Builder.

Here we go into another Kiwanis year… let’s make it the best ever! Be passionate, creative and above all, have fun and share your Kiwanis pride!

Melanie Bozak
Governor-Elect

What a Rat Pack Team effort! The 2017-2018 Kiwanis year has come to an end; and what a year it was. Even though the physical year has ended, the accomplishments of the Rat Pack Team will continue to bear fruits for many years to come. Well over 1000 new Kiwanians joined our ranks during the year and we officially opened 7 new clubs for service within each of their communities. Service projects have touched thousands of lives. Take a moment to reflect on the potential for changing communities and lives over the next several years because of this.

I am overwhelmed by the gratitude that I feel for having so many wonderful experiences as I traveled our great District this past year. I wish that everyone would take the time to experience just a couple of things that Kiwanians are doing outside of your local area. I am sure that your lives would be enriched, just as mine has been, if you make that effort. Words are hard to find that adequately define the gratitude that I feel for the efforts of the entire Pacific Northwest Kiwanis membership; so I simply say: “Thank You to All.”

This is not a good-bye message from the Governor; but rather a welcome to our future message. Continue to “Dream Big” for our future, bigger that you think is possible; continue to have “New Ideas” and see “New Possibilities” for they will be the essence of our future; and above all continue to “Serve With Passion” for this will be the foundation and legacy of our future.

The International Convention (ICON) in Orlando, FL was discussed. The group hopes that a restaurant can be found that will allow an affordable district dinner during ICON.

The focus of CLE will be club development this year. We are going to use less of the KI materials and make the time more valuable for meeting the needs of our clubs.

The group spent time together socializing and enjoying great food (thanks to Dave and Cindy). The time together was positive and empowering as the team gelled behind Jerry’s lofty goals.

THE POWER OF PARTNERSHIP

How Kiwanis partners make Kiwanis clubs more effective
Partnerships

Your PNW District Partnership Coordinator is Jackie Sue McFarlin

The PNW District Partnership Coordinator is one of the positions that not only answers to the district, but to Kiwanis International as well since our objective is to connect the KI partners with our district clubs and members.

Kiwanis International has been establishing partnerships with entities who have a similar mission as ours, improving children’s lives, or have services/products that will benefit our members (though member contact info is never given out to anyone and you can opt out of any communications). Another benefit of some of these partners is the financial benefit they bring to KI that helps reduce the need to reach out to the members for additional revenue (i.e. Dues). Not all partners are revenue producing partners though. Some are simply like-minded organizations that we partner with to enhance children’s lives.

There are partners who can directly benefit your club financially and I’d like to point out a couple of them. The Kiwanis Warehouse (Dollar Days) has over 300,000 items at wholesale prices, and the shipping is always free, so you can purchase things for projects at a great discount making your money stretch much further. Next there’s Office Depot who has a special discount program that allows you to purchase office items, computers, business machines and printing at a greatly reduced price. All you need to do is signup under the Kiwanis website and start saving. Then there’s Landscape Structures playground equipment and Scholastic Books who help with playgrounds and reading projects.

We also have partnerships with Boys and Girls Clubs, Children’s Miracle Network Hospitals, March of Dimes and Boy Scouts to name a few. These are great organizations for us to partner with in serving children directly.

Member benefits include Hilton Hotels, Kiwanis Travel, Visa, Insurance, Home Protection, Travel Protection, etc. Whew! As you can see there’s too many to enumerate here so please do yourself and your club a favor and check out the website.

Kids need Kiwanis. By combining resources and people power, you find new ways of reaching them. Check out the partners who help Kiwanis clubs change children’s lives. And read about our partner-driven programs. See how partnerships make service easier, increase your club’s purchasing power and even result in benefits and rewards for members.

Growth

As this article is being written, every day a number of membership drop notices pass through my inbox. For much of the year, there are many more adds than drops, but the deletions start to grow in August and through the month of September they add up quickly.

It is so easy to look at these drops as just numbers from the District and International perspective, but each is a unique person who was a member at a local club. The losses by death or moving everyone can understand.

It is the ones that are lost and designated with one of the other reasons for loss that make this a tough time of year. Each member who chooses to walk away from the Kiwanis club that they belong to should make each of us think about how we added, or failed to add, value to that person.

Kiwanis membership shouldn’t be decided because of dues, meetings, or most of the other common reasons, it should be an emotional connection to the people who share your passion for making the world a better place. The mission of serving the children of the world, when viewed through the eyes of a single child, is truly a noble cause.

We add incredible value to a person when we give them the chance to help someone who is less fortunate than themselves. That person becomes a true hero and every Kiwanian should feel that emotion during the year.

It should be a year-round effort to ensure that every member of your club is given opportunity to be a part of such an important cause. When they feel like they’re a valuable part of the cause, dues are a small thing to pay and it will benefit your club by retaining the membership of members who may not attend as regularly as others.

Kiwanis isn’t about the meetings or dues, it is about being a part of something much greater than yourself. It is about helping children and others.

Membership growth in your club starts with member retention and involvement. When you have engaged your members in your mission and cause, then it becomes even easier to recruit new members.

Roger Bell as Governor 2017-18 made membership “Priority 1” and Jerry Deas as Governor 2018-19 is continuing that emphasis. Both know that it isn’t about numbers, it is about people who are members who are serving with purpose.
2018-2019 Builders Club Administrator Lonnie Johnson

Building Leadership within
The Kiwanis Family

With the growth of numbers of Builders Clubs having slowed somewhat, I searched for ways to generate new interest, new energy, and new clubs. As I am also a Key Club Advisor, it was self-evident that the energy and passion of Key Club kids was needed if I expected to expand my important little corner of Kiwanis.

At the PNW Key Club District Convention a couple of years ago, I began a new approach: I challenged Key Clubbers to look into co-sponsoring a Builders Club in their areas. It was a humble beginning, but I was surprised at the enthusiasm I encountered. My primary question to these bright, inquiring kids was: Who takes your place when you leave Key Club, and move on to CKI? The standard response was “Huh? What?” They had never thought of leaving an empty spot when they graduated. It quickly became apparent that, while these kids were clearly enjoying their Key Club experience, they weren’t looking at leaving a legacy in their wake. It invoked a response that I was thrilled to see, enthusiasm, new energy, and a desire for more information. My hat is off to Brian Egger. Brian is the District Administrator of Key Club. When I spoke to him of the responses I received, he quickly asked me to present a forum on Builders Club. My message has changed somewhat, but the animated response has not. I now receive many requests for information, and occasionally a request for a charter packet. As I always say, “Give them a voice, empower them, and they will blow you away.”

This article wasn’t supposed to be about Key Club, but about Builders Club. I just thought you, the reader, might be interested in discovering a new approach to starting a Builders Club. Present it as a challenge to Key Club, and they will blow you away.

As this is the time of year that Builders Clubs are just getting started or re-chartering, the numbers are down a bit. Currently shown on the SLP report for Builders Club is 62 active clubs. I fully expect those numbers to rise as the school year gets rolling.

As for the number of kids in each club, that is a tough one. Builders Clubs pay no dues, therefore there is no record of students’ names. By an average size of 25-30 youngsters, my best guess would be between 1500 and 1800 kids in the PNW.

Builders Club kids get excited about working within the school, and working in the community. There are so many ways to get these young minds engaged. Builders Club gives these kids an opportunity to think outside themselves, to think about how they can improve their school, improve their community, and do it as a cohesive group. These youngsters are seeing the world in a different light since moving to middle school, or junior high school. These kids need positive role models, positive activities, and positive encouragement for a job well done. That is where Kiwanis comes in, where you, as an advisor can make a difference in a child’s life.

The District Project for the 2018-2019 service year is the Thirst Project, the world’s largest youth water activism organization. Over the last 9 years, Thirst Project has educated hundreds of thousands of young people about the global water crisis and inspired them to take action. Their main objective is to build a generation of socially-conscious young people and provide clean water for the 663 million people on our planet who are currently living without it. All of the money they raise goes directly towards water projects, and their current focus is to raise $50 million by the year 2022 to give the entire nation of Swaziland access to clean water. The PNW’s fundraising goal of $75,000 will contribute to building at least six wells in Swaziland and provide clean water for an entire region.
**INTERNATIONAL CONVENTION**

The **Key Club International Convention** recently took place from July 3-9 in Chicago, IL. During the Recognition Session, eight immediate-past lieutenant governors from our district were recipients of the Robert F. Lucas Outstanding Lieutenant Governor Award. Ashland High School from Division 82 won 2nd Place in the Single Service Award-Gold Division, and Kentwood High School from Division 32 won 3rd Place in the Non-Traditional Scrapbook Contest. Additionally, our Immediate-Past District Governor Dmitri Saberi received the Distinguished Governor Award and our Immediate-Past District Secretary Ashley Villanueva received the Distinguished Secretary Award.

**MEMBERSHIP UPDATE**

The Pacific Northwest District surpassed their membership goal of **13,500**!

**13,634 MEMBERS 313 CLUBS 98.42% DUES COLLECTION RATE**

Other achievements include:

- **FIRST TIME IN HISTORY OVER 13,600 MEMBERS.**
- **THIRD LARGEST DISTRICT IN KEY CLUB INTERNATIONAL IN TERMS OF TOTAL ACTIVE CLUBS.**
- **ONE OF THE LOWEST SUSPENDED/INACTIVE CLUB RATES IN KEY CLUB INTERNATIONAL**
- **CHARTERED NEW CLUBS: 12 NEW CLUBS, 483 NEW MEMBERS**

**KEY CLUB DAY NORTH & SOUTH**

Replacing the previous area rally systems, the Pacific Northwest District has introduced two new events: Key Club Day North and South. These two events served to enhance the membership experience and educate members about our new District Project. Over 200 Key Clubbers attended Key Club Day North which took place on September 8th at Wild Waves in Federal Way, WA. In addition, over 100 Key Clubbers attended Key Club Day South, which was held on September 15th at Oaks Park in Portland, OR. These two events included a program featuring motivational speaker and American Ninja Warrior City Finalist, Hoan Do, and representatives from the Thirst Project. Afterwards, Key Clubbers were able to enjoy the day at Wild Waves or Oaks Park.
Fundraising Ideas

How many ways can one person be asked to support a cause? E-mail, IM, widget, Twitter, event, colleague, direct mail, donation box. Though it may seem easier to rely on tried-and-true members, the most successful clubs are looking outside their ranks for financial support and holding fundraisers designed to attract not only dollars, but media awareness, too. Some of these fundraising suggestions might be applicable for your club, and some may not.

**Holiday Gift Wrapping**
During the Holiday rush, many stores run a “free” (i.e. DONATIONS ACCEPTED!) holiday gift wrapping service. Different community groups are allowed to participate in this fundraiser. Be sure to secure your club’s spot early. Spots are usually filled by early November. In addition, be sure to have your shifts planned out.

**Christmas Tree Lot**
Many Kiwanis clubs sponsor a Christmas Tree Lot to raise money for their club, charity and allow other organizations to assist for fundraising purposes also. This requires hard work, but the payoff is worth it. Tree Lots gross in tens of thousands of dollars each holiday season. You will need dedicated members willing to work hard and get dirty.

**Roses for Valentine’s Day**
A few days before and on Valentine’s Day, purchase roses wholesale, and then sell them throughout the community. Other items such as chocolate or baked goods are great options for this holiday.

**Host a Tournament**
It can be basketball, softball, video game, pool, volleyball — any type of tournament! Have an entrance fee for individuals or teams. Advertising the tournament is the key to success of this event — start at least two months before. Be sure to have great prizes for those who win. You need to give an incentive for people who pay to enter a tournament.

**Host a Talent Show**
Many organizations host talent shows for people to watch. Consider incorporating a television show theme like Dancing With the Stars, American Idol, So You Think You Can Dance, America’s Got Talent, etc. Don’t forget to recruit judges! This will require time and serious planning. Just like tournaments, be sure to have good prizes.

**Usher/Food Vendor at Major Events**
Did you know that whenever there is a concert or major sporting event many arenas look for organizations to be ushers or sell food? Some places pay up to 75 dollars per person for a few hours of work. Some arenas even allow groups to be vendors and pocket all the profits. Contact your local arena or professional team to see if they offer such programs. Making reservations can be a bit difficult, as often reservations are required to be made months in advance. You have to make sure those who volunteer show up so that you are allowed to participate again whenever the opportunity arises.

Montavilla Honors Club Counselor

Montavilla Kiwanis honored their Club Counselor John Flaherty for his dedication to the Mt. Hood Kiwanis Camp:

John Flaherty has been a dear friend and advocate for the Mt. Hood Kiwanis Camp for decades. His passion for Camp runs deep. Everyone who has met John has heard about Mt. Hood Kiwanis Camp and most likely been invited to a work party or the Camp auction.

Over the years, John has served in several volunteer roles, including serving on the Board and capital campaign committee; raising funds at the auction and walk, and countless hours at the physical campsite performing maintenance tasks, building new structures, painting, and a myriad of other tasks. John was instrumental in helping to raise critical funding to build Fanning Hall, which is enjoyed by thousands each year - campers, staff, counselors, and groups who rent the camp during the off season.

John is committed to Kiwanians’ continued connection to Mt. Hood Kiwanis Camp and he can be found frequently at the Kiwanis clubs and Division council meetings reminding everyone about the Camp mission and how they can support and stay involved.

We appreciate all that John has done and continues to do for the Mt. Hood Kiwanis Camp. His support has remained steadfast even as the organization has grown and evolved. John has been a Camp ambassador and an educator to Kiwanians and the greater community on behalf of MHKC, and has been instrumental in making it what is today. He and his fellow Kiwanians have brought joy to countless campers and on their behalf we say thank you!

- Terri Hammond, Mt. Hood Kiwanis Camp

This gift presented to John is a birdhouse cabin replica of a MHKC cabin, hand made by a former Kiwanian.
